

- AI-powered noise isolation & voice clarity
- Environmental awareness with noise reduction
- Directional mic for clear communication
- Simple control buttons for mode & volume
- Bluetooth connectivity

In-ear protection

SPECIFICATION

Connector	BT / Bluetooth 5.3
Battery Life	Battery up to 9 hours plus two full charges in the case
Active Noise Reduction (ANR)	-35 dB (Active + Passive)
Ambient sound	6*MEMS, Adaptive ambient sound, 3Filter, 10 level volume (10 levels of volume adjustment, each level is 2dB.)
Immersion	Earbuds : IP67 / Charge case : IP55
Weight	earbud : 5.56g (PCS) / charging case : 40.35g
Certification	CE, RoHS, NCC, BSMI, Telec

Vehicle Overhead

Active Noise Reduction

- Environmental awareness with noise reduction
- Directional mic for clear communication
- Simple control buttons for mode & volume
- Bluetooth connectivity
- AA battery powered

AT-02

SPECIFICATION

Connection	Wired / BT (Bluetooth 5.5)
Connector	AUX
Battery	2x AA 1.5 V
Battery Life	150Hours
Noise Reduction Rating (NRR)	Up to 28dB
Microphone Specification	Directional ECM boom microphone
Ambient Sound	2*MEMS, Ambient sound, 2 Filter, 10 level volume(10 levels of volume adjustment, each level is 2dB.)
Speaker Specification	30mm
Weight	310g
Environmental Tests	ANSI S3.19-1974/EN352, NZS 1270
Certification	CE, RoHS

- Intelligent noise reduction headset for vehicle crews
- AI chip for clear communication & hearing protection
- Supports Bluetooth connectivity
- Compatible with DH-132 helmet

AT-03

SPECIFICATION

Connection	Wired / BT (Bluetooth 5.5)
Connector	API07XL
Operating Voltage (external power)	5V
Battery	2x AAA 1.5 V (50Hours) Using battery power, when Intercom system is powered off
Noise Reduction Rating (NRR)	Up to 28dB
Active Noise Reduction (ANR)	35 dB(Active + Passive)
Ambient Sound (Talk though)	2*MEMS, Ambient sound, 2 Filter, 10 level volume(10 levels of volume adjustment, each level is 2dB.)
Microphone Specification	Directional ECM boom microphone
PTT	PTT switch : ON (Intercom)-Off-Momentary (Radio operation) Dual PTT
Weight	750g
Environmental Tests	MIL- STD-810G
Electromagnetic Compatibility	MIL-STD-461

- Tactical headset for radio
- Provides hearing protection & clear communication
- 360° ambient sound for auditory situational awareness
- Directional ECM boom microphone
- Noise Reduction Rating : Up to 28dB

AT-04

SPECIFICATION

Connector	Wired / BT (Bluetooth 5.5)
Battery	2x AAA 1.5 V
Battery Life	100 Hours
Noise Reduction Rating (NRR)	Up to 28dB
Active Noise Reduction (ANR)	-35 dB (Active + Passive)
Ambient Sound	2*MEMS, Ambient sound , 2 Filter, 10 level volume (10 levels of volume adjustment, each level is 2dB.)
Boom Microphone Specification	IP67 MIC ECM Microphone(2.0V), Impedance : 2KΩ± @1kHz, Frequency : 100-10KHz
Weight	392g
Environmental Tests	MIL- STD-810G
Electromagnetic Compatibility	MIL-STD-461
